

THE WRANGELL SENTINEL

VOLUME 9, NUMBER 7.

WRANGELL, ALASKA, THURSDAY, FEBRUARY 16, 1911

\$2.50 PER YEAR, 10c. PER COPY

Spring Styles In Game Laws

Congress is again flirting with Alaska's game laws. A bill is now before the lower house which provides that south of latitude 62 degrees, the open season for moose, caribou and mountain sheep shall be from August 20 to December 31 of each year both dates inclusive; brown bear from October 1 to July 1; deer and mountain goat from April 1 to February 1; grouse, ptarmigan, shore birds and waterfowl September 1 to March 1, both inclusive.

School Doing Business

Mrs. Katherine M. Burke and Miss Kate Pritchett arrived up on the Ramona, Friday, and Monday morning school reopened to finish the term. The first mentioned is the principal and has charge of the upper grades, including the high school department, while the latter has the lower grades. Both ladies have had considerable experience, and come with the best of recommendations.

Will Build Own Piledriver

Fred C. Miles has decided to build his own piledriver for erecting the new wharf, having during the past week closed a deal whereby he becomes the owner of the donkey engine and scow formerly owned by "Bill" Lloyd. As soon as the mill can get the necessary long timbers cut for the driver, the work of constructing it will begin. The piles for the wharf are cut and ready to bring over from the Narrows, so the real work of building the wharf will be under way soon.

Another Saloon Probable

Charles Borch has completed circulating his petition for a saloon license and the same has been forwarded to Juneau, where it is expected favorable action has been taken on it prior to this time. Charley will name his place of business The Tanneuser. He is a first-class saloon man, and the new saloon is bound to gather in a large part of the business of the town.

Wrecked On Souk Hoi

During a strong Taku blow, recently, Charley Kinney's gasoline launch went ashore on Souk Hoi Island, just north of Petersburg, and was badly damaged. In some way the boat dragged her anchor and struck a rock, unshipping her rudder. Charley got the engine into action and tried to run for safety, but the loss of the rudder made the boat unmanageable and she piled up on the beach. Subsequently she stove in one side, and was left in bad shape high and dry on the beach when the tide went out. Kinney patched up her hull with canvas and had her towed to Petersburg where he will repair her before coming over to Wrangell.

Oscar Kasheets Gets His

At Petersburg the latter part of last week, Oscar Kasheets, a well known native of this place was bound over to the Grand Jury on a charge of obtaining goods under from Sing Lee. It appears that Oscar had agreed to go fishing on a boat owned by Sing, and on the strength of the contract so to do, obtained goods to a considerable amount. Without waiting for the boat to sail, he found a buyer for the goods, disposed of them for about ten per cent. of their value, and then proceeded to tank up on the proceeds. He failed to be on hand when the boat was ready to start, so his arrest on the above charge followed.

The Rag Time Masquerade

Everybody and then some had a first class time of it at the Hard Times masquerade at Redmen's Hall, last Saturday night. Hard Times costumes there were aplenty in many forms and fancies. Weston Dalgity, with ticket 107 was the winner of the prize offered. Of course the music as rendered by Mrs. Colling was A1, and Jack made the ideal manager.

Lawyers Are Loafing

There seems to be a dearth of business in the legal world at Juneau this winter. It is many a year since there was so little business on the docket of the district court as now. Attorneys Denny, Cheney, Shackelford and Winn, realizing that there would be little doing in their line for some time to come, were passengers south on the Ramona this week.

Will Start Shortly

The cylinder for the engine at local sawmill arrived down from Treadwell on the Ramona, Monday, and was placed in position on Tuesday, and within a few days the mill will be ready to commence operations again. There are orders enough in sight to keep the wheels turning for a considerable while, guaranteeing a long run this season, a much desired condition. Rumors of a possible sale of the property continue to be heard, but as yet nothing definite has materialized.

Remember Firemen's Dance

Don't forget to save February 22nd, for the firemen's ball at Redmen's Hall. The boys are busy completing arrangements, and you can be sure that you will have a good time if you attend. A swell elegant supper will be served, and all kinds of card tables will be provided for those who don't dance. So come out.

Would Restrict Saloons

Petersburg's town council is trying to restrict the saloons of their town. They seem to think there is too much treating in the saloons of the fish metropolis, so they will endeavor to pass and enforce an anti-treating ordinance. Some of the eastern states and several cities and towns of the state of Washington have enacted such ideas into laws or ordinances with beneficial results, and the experiment in Alaska, if made, will be watched with considerable interest.

Instal Town Fire Whistle

During the past week, Palmer & Ensley have installed the new fire whistle on the electric light plant. The whistle was purchased by the Town Council for a fire alarm for the lower end of town. The fire signal will be four blasts of the whistle. Its tone is distinctive, so that it will easily be recognized when heard.

Patsy Loftus is reported as somewhat improved.

GRAY MOTORS

We are sole agents for the Gray Motor Company, whose factory is the largest in the World devoted exclusively to the manufacture of Two Cycle Marine Motors. These engines are the best of their kind made. Out of the 25 we've sold we have not had one complaint. All our customers who have bought Grays are enthusiastic in their praise and confirm us in our belief that they are by far the best bargains in Motors on the Market today.

GET A GRAY

You can't afford to be without one as it greatly increases your earning power and overcomes a serious handicap to you as compared with the other fellow. Its price places it within the reach of all, for work or pleasure. Examine our stock.

This year we shall specialize in MODEL T, one, two and three cylinders. No lubricator to feed, nor oil leaking around your boat, as you mix one pint of lubricating oil to every five gallons of gasoline in your tank for the first two hundred miles run, and after that one pint to eight gallons. Kerosene attachment \$25.00 extra per cylinder.

SELF-STARTING

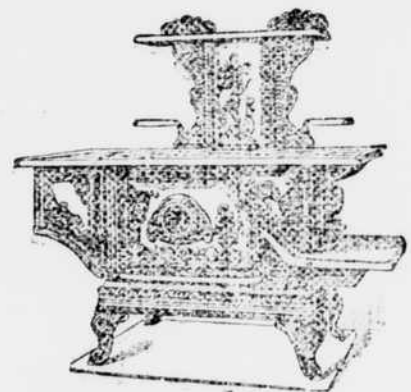

The Model T, after it has been started once will start again during the same day by merely turning on the switch, and without touching the wheel or "busting your suspenders" trying to raise a spark.

7 h.p., \$124; 8 h.p., \$160; 12 h.p., \$182; 14 h.p., \$238; 24 h.p., \$350, 2 cylinders; 21 h.p., 3 cylinders, \$425; 36 h.p., 3 cylinders, \$525. Freight from Detroit to be added to these prices. Model S will be carried the same as before in 3, 4 and 6 h. p. sizes.

\$2.50 per year in advance, otherwise \$3.00 Foreign Countries 50c extra

Southeastern Alaska was handed another lemon by the Pacific Coast Steamship Co., this last week when the Ramona was put on the run to replace the ill-fated Cottage City. It is peculiar how this company has apparently deliberately neglected to consider the wishes of the people who make it possible for them to operate in this part of the world. It is in the memory of many of us when the P. C. S. S. Co. had the cream of the business in this region, while now they have and deserve only the skim milk. They kept the poor old Cottage on the run when common business sense demanded that they replace her by a modern vessel. It was with almost a sigh of relief that Alaskans heard that she had been forceably retired, but the slowness and the wretched accommodations of the vessel put in her place makes it appear that we have been turned out of the frying pan into the fire.

If the Pacific Coast Steamship company is trying to put itself out business by refusing to consider the convenience of their patrons here, and thus drive them to patronizing rival lines, they are succeeding most admirably.

A petition asking congress to grant the payment of a liberal bounty on wolves killed in Alaska, has been circulated in Ketchikan this week by Tex Alexander, and it has been generally signed. It will be forwarded to Governor Clark with

a request that he use the influence of his office in securing the passage of such a measure. Wolves are multiplying at an alarming rate and the deer, upon which they subsist, are decreasing in proportion. It is unsafe for anyone to go into the hills unaccompanied because of the ravaging bands of these murderous animals. Several people in southeastern Alaska have disappeared recently and the common belief is that they have become food for the wolves. Large packs of them are reported in the vicinity of nearly all the surrounding camps. A high bounty, sufficient to induce a large number of hunters to engage in the work of rapid extermination would be more effective and economical than a stingy bounty which only results in their destruction at about the same rate as they increase.—Ketchikan Miner.

SALE OF TIMBER. Ketchikan, Alaska, December 22, 1910. Sealed bids marked outside "Bid Timber Sale Application, December 22, 1910, Tongass," and addressed to the Forest Supervisor, Ketchikan, Alaska, will be received up to and including the 28th day of January, 1911, for all or any part of the live timber marked or otherwise designated for cutting by the Forest officer, and available for hand or steam logging on an approximate area of 100 acres, situated along the shore line of the northeast side of Conclusion Island, and within the Tongass National Forest, Alaska, estimated to be 200,000 feet, B. M., of green spruce and hemlock saw timber, log scale, more or less. No bid of less than one (\$1.00) dollar per thousand feet, B. M., will be considered, and a deposit of \$100.00 must be sent to W. A. Langille, Special Fiscal Agent, Forest Service, Ketchikan, Alaska, for each bid submitted to the Supervisor. Timber upon valid claims is exempted from sale. The right to reject any and all bids is reserved. For further information and regulations governing sales, address the Forest Supervisor, Ketchikan, Alaska.

sidered, and a deposit of \$100.00 must be sent to W. A. Langille, Special Fiscal Agent, Forest Service, Ketchikan, Alaska, for each bid submitted to the Supervisor. Timber upon valid claims is exempted from sale. The right to reject any and all bids is reserved. For further information and regulations governing sales, address the Forest Supervisor, Ketchikan, Alaska.

SALE OF TIMBER. Ketchikan, Alaska, December 16, 1910. Sealed bids marked outside "Bid Timber Sale Application November 16, 1910, Tongass," and addressed to the Forest Supervisor, Ketchikan, Alaska, will be received up to and including the 21st day of January, 1911, for all or any part of the live timber marked or otherwise designated for cutting by the Forest officer, and available for steam or hand logging on an area of 11 acres, situated on the northeast side, and 34 acres on the west side of Reid's Bay, Kuiu Island, and within the Tongass National Forest, Alaska, estimated to be 250,000 feet, B. M., of green spruce and hemlock saw timber, log scale, more or less. No bid of less than one (\$1.00) dollar per thousand feet, B. M., will be considered, and a deposit of \$100.00 must be sent to W. A. Langille, Special Fiscal Agent, Forest Service, Ketchikan, Alaska, for each bid submitted to the Supervisor. Timber upon valid claims is exempted from sale. The right to reject any and all bids is reserved. For further information and regulations governing sales, address the Forest Supervisor, Ketchikan, Alaska.

SALE OF TIMBER. Ketchikan, Alaska, December 9, 1910. Sealed bids marked outside "Bid Timber Sale Application, November 18, 1910, Tongass," and addressed to the Forest Supervisor, Ketchikan, Alaska, will be received up to and including the 14th day of January, 1911, for all or any part of the live timber marked or otherwise designated for cutting by the Forest officer, and available for hand or steam logging on an approximate area of 5,800 acres, or all of Bushy and Shrubby Islands, situated at the north end of Clarence Strait, and within the Tongass National Forest, Alaska, estimated to be 1,000,000 feet, B. M., of green spruce, hemlock and red cedar saw timber, more or less. No bid of less than one (\$1.00) dollar per thousand feet, B. M., will be considered, and a deposit of \$100.00 must be sent to W. A. Langille, Special Fiscal Agent, Ketchikan, Alaska, for each bid submitted to the Supervisor. Timber upon valid claims is exempted from sale. The right to reject any and all bids is reserved. For further information and regulations governing sales, address the Forest Supervisor, Ketchikan, Alaska.

SALE OF TIMBER. Ketchikan, Alaska, January 16, 1911. Sealed bids marked outside "Bid Timber Sale Application, January 14, 1911, Tongass," and addressed to the Forest Supervisor, Ketchikan, Alaska, will be received up to and including the 20th day of February, 1911, for all or any part of the live timber marked or otherwise designated for cutting by the Forest officer, and available for hand logging, (scattered timber, no area given) on the shores of the head of Port Protection, Prince of Wales Island and within the Tongass National Forest, Alaska, estimated to be 300,000 feet B. M. of green spruce and hemlock saw timber, log scale, more or less. No bid of less than one (\$1.00) dollar per thousand feet B. M. will be considered, and a deposit of \$100.00 must be sent to W. A. Langille, Special Fiscal Agent, Forest Service, Ketchikan, Alaska, for each bid submitted to the Supervisor. Timber upon valid claims is exempted from sale. The right to reject any and all bids is reserved. For further information and regulations governing sales, address the Forest Supervisor Ketchikan, Alaska.

JUST PUBLISHED

Webster's NEW INTERNATIONAL Dictionary, (G. & C. Merriam Co., Springfield, Mass.) surpasses the old International as much as that book exceeded its predecessor. On the old foundation a new superstructure has been built. The reconstruction has been carried on through many years by a large force of trained workers, under the supervision of Dr. W. T. Harris, former United States Commissioner of Education, and reinforced by many eminent specialists. The definitions have been rearranged and amplified. The number of terms defined has been more than doubled. The etymology, synonyms, pronunciation, have received unsurpassing scholarly labor. The language of English literature for over seven centuries, the terminology of the arts and sciences, and the every-day speech of street, shop, and household, are presented with fullness and clearness. In size of vocabulary, in richness of general information, and in convenience of consultation, the book sets a new mark in lexicography.

400,000 words and phrases.

6000 illustrations.

2700 pages.

Write to the publishers for Specimen Pages.

HAPPENINGS of INTEREST IN THE BUSY NORTH

Rate War Threatening

The Alaska Coast company have leased the steamer Admiral Sampson and will operate her on the old Portland's run to the Westward. The steamer has been on the Seattle-Frisco run and is one of the best on the coast. It is predicted that the placing of the vessel on the run will be followed by a fierce rate war which will probably spread to Southeastern Alaska.

Wm. Fletcher is doing good work on the Lewis-Fletcher launch. The boat will have a 15 horse power Automatic engine installed, and will be used in the fish buying business.

If your teeth are bothering you in any way, call on Dr. Mathis and have him look them over.

Capt Miller, in charge of the Salvation Army work at Petersburg, was a guest of Adj. Smith and wife this week.

See Donald Sinclair about the reversible Fisherman Gas Engine, the only four cycle with this feature. Something new.

STORAGE BATTERIES, guaranteed not to sulphate. Cheaper than dry cells. Come in and see us about 'em. Wrangell Light and Power Company, at Power House.

To Juneau For Papers

The Uncle Dan made the trip to Juneau this last week. Capt. Fred Leonard intended to make the trip on the Ramona, and missing it had to go on the Dan. Mrs. Leonard, Mrs. Case and Dolly Case were passengers on the trip.

Dr. Mahone Acting

Since the death of Dr C. H. Sligh-tam, Dr. P. J. Mahone has been named to temporarily act as the native doctor at the government hospital at Juneau.

Work has been commenced on Dr. Mathis' new launch. He will use it as a traveling dental office cruising around in this district.

Rev. Clark conducted services at Petersburg, Sunday, returning home on the Ramona, Monday.

Halibut hooks, leaders, swivels, etc., at Patenaudes.

"Schilling's Best" Aiken arrived in town Monday and has been calling on local merchants this week.

Alec Vreath is around again, a little the worse for wear perhaps, but still in the ring.

Tom Dalgity will hold down his old job on the Shakan cannery tender again this year.

Miss Helen McCabe government teacher at Klinquan, came over on the last trip of the Uncle Dan for the purpose of having some very much needed dental work done.

This is the week the Uncle Dan goes to the West Coast.

Seattle fish dealers are offering 10 cents per pound for Alaska spring salmon.

The Beaver Dam mine, which is situated on the wagon road, forty miles from Valdez, has been sold to Leon Giroux and other Seward people, for the sum of \$40,000, by Williard Scott and Charles Gott, the discoverers. Among the new owners of the property are U. S. Marshall Sam Brightwell and Camille McGowan.
